

Sign Language Interpreter Policy

It is the goal of Brandon Township Public Library to provide equitable access to library resources and programming.

To request sign language interpretation for a library program, please contact the library at least 2 weeks before the program date at libservices@brandonlibrary.org.

Brandon Township Public Library will attempt to provide a certified American Sign Language interpreter upon request within the required 2 week advanced notice.

Please provide notice of cancellation at least 72 hours in advance if you requested an ASL interpreter for a program but can no longer attend.
